County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works
Genaro Diaz, Project Manager
Dean Benedix, Utilities Division Manager

VIA: Doug Rion, County Surveyor

DATE: 1/5/2016

SUBJECT: Submittal of a resolution acknowledging the acceptance of a portion of Dolphin Avenue for drainage purposes, Oceano. District 4.

RECOMMENDATION

It is recommended that the Board:

1. Approve the attached resolution acknowledging the acceptance of a portion of Dolphin Avenue (a "paper street") for drainage purposes in the community of Oceano in order to construct and maintain storm drain system improvements associated with the Oceano Drainage Project (WBS 300465); and
2. Direct the Clerk of the Board of Supervisors to record a copy of the resolution.

DISCUSSION

As part of the Oceano Drainage Project, State Route 1 at 13th Street, a proposed storm drain pipe must be installed along Dolphin Street between State Route 1 and Arroyo Grande Creek. In order to construct the improvements, existing right of ways from record maps are required to be accepted. Once completed, the drainage system will be maintained by the County.

One of the existing right of ways includes the southerly projection of Dolphin Avenue, formerly known as Tenth Street is shown on the map of the Town of Oceano (A-MB-147) filed on June 7, 1893, and also shown on Map No. 2 of the Town of Oceano (A-MB-148), filed on January 30, 1899. There are no stated offers of dedication for public easements or reservations of private easements on those original maps.

The subject "paper street" segment of Dolphin Avenue contains a public waterline that has been in operation since approximately 1981, and is currently maintained by the Oceano Community Services District (OCSD). The subject segment, which lies approximately 160 feet southerly of its intersection

with the south line of Beach Street and extends southerly 200 feet from there as shown on said maps, is necessary for public utility use and storm drain maintenance and is being recommended for acceptance for only that purpose.

Referencing a similar action on February 24, 2015, your Board did accept by Resolution #2015-51 a portion of Dolphin Avenue north of the subject "paper street" segment for drainage purpose only. Subsequent project design and right of way review necessitates this recommended action.

OTHER AGENCY INVOLVEMENT/IMPACT

The OCSD is working cooperatively with the County on this project.

FINANCIAL CONSIDERATIONS

The entire Oceano Drainage Project from State Route 1 to Arroyo Grande Creek is estimated to increase annual storm drain maintenance by \$25,000 as reported previously to your Board. There is no cost associated with the recommended action.

RESULTS

Accepting the subject portion of Dolphin Avenue for public utility and storm drain maintenance purposes is in the public's interest and will allow the County to install a storm drain system as part of the Oceano Drainage Project. Implementation of the recommended action will contribute to the County's goal of ensuring a safe, livable and well governed community.
